

**PRECISION VETERINARY &
RESEARCH INSTRUMENTS
YOU CAN RELY ON**

Vet-Tech.co.uk

Precision Surgical Instruments You Can Trust and Rely On

High-End Quality Instruments for the Life Science, Bio Medical Sector.

Based in North-West England, Vet Tech Solutions is an experienced supplier of premium, fit-for-purpose handheld surgical instruments for Researchers and Vets working within many disciplines.

These include major Institutes, Pharmaceutical Companies, CRO's, Universities and Teaching Hospitals.

With specialist expertise in rodents and small laboratory animals, we provide precision-engineered instruments designed to deliver the accuracy, consistency and reliability required in demanding research and life science environments.

Over 20 Years of Specialist Experience

For more than two decades, we have supported veterinary professionals and research specialists with high-quality surgical instruments, expert product advice and responsive customer service.

We have recently extended Our portfolio of instruments available from us at Vet Tech so finding the correct Instrument/s to meet your requirements should make for an easier experience as Images can be seen and accompanied by a description and order Code.

Supporting Your Research Facility

We understand that reliable instruments are an essential part of maintaining efficient, consistent and precision procedures and Surgeries.

Alongside our comprehensive range of surgical instruments, we offer:

Instrument servicing and maintenance – Helping ensure instruments remain in optimal working condition and ready for use.

Professional repair and sharpening – Maintaining the precision and performance of frequently used instruments while helping extend their working life.

Expert product guidance – Practical advice to help your team select instruments suited to specific procedures and applications.

Quality, Precision & Reliability

We recognise the importance of **precision and consistency in the Life Science Sector**. Our instruments are selected with quality, durability and performance in mind, providing professionals with dependable tools for demanding applications.

Our products are **CE marked where applicable** and manufactured to meet relevant health and safety requirements, providing confidence in their quality, safety and reliability.

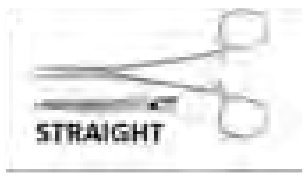

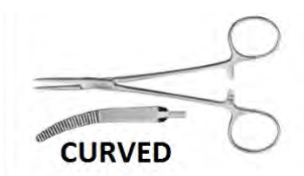

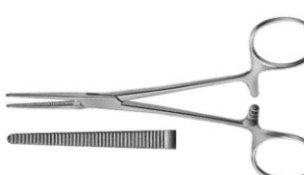

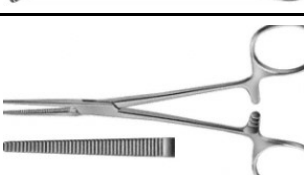

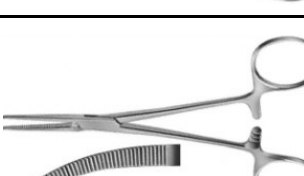

A Trusted Partner for the Life Science Industry

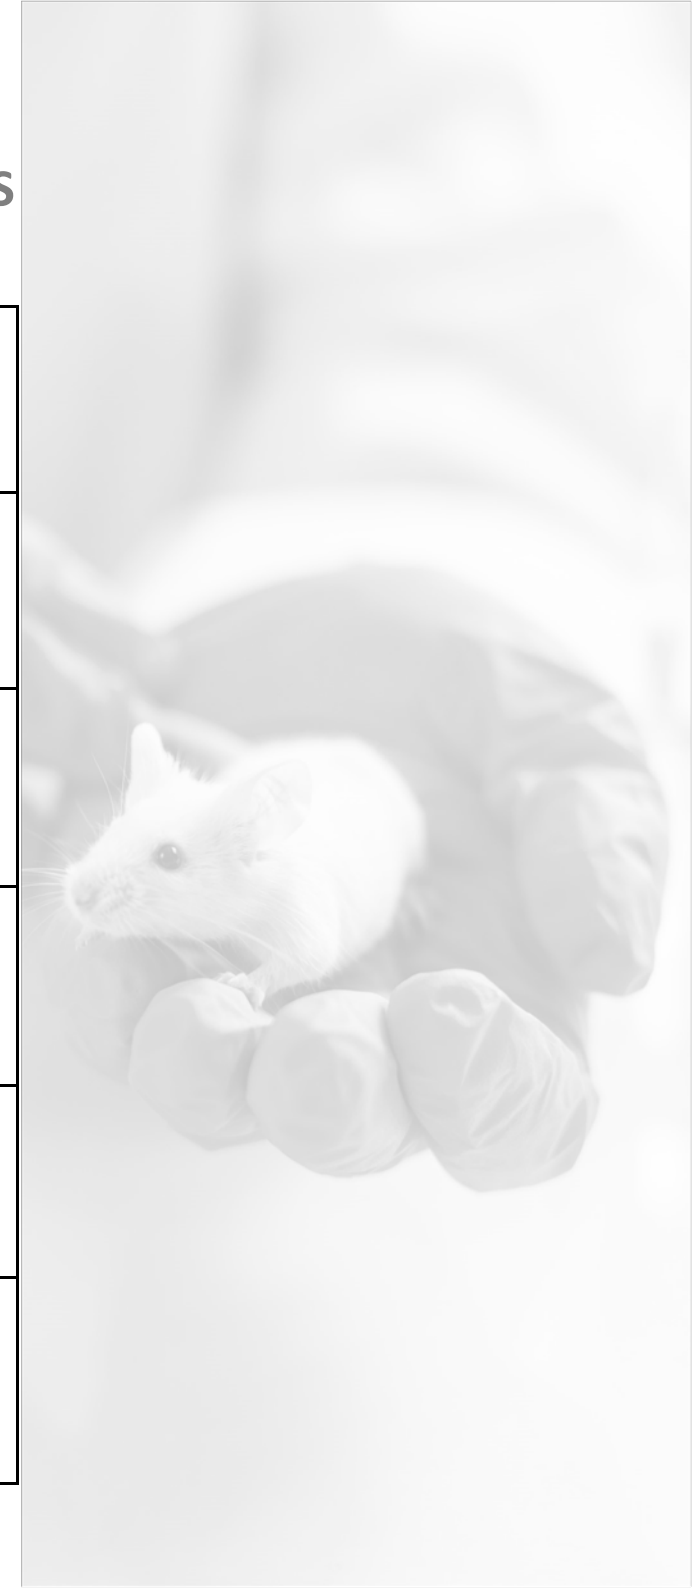

Whether you are establishing a new research group or facility, reviewing your current surgical instrument provision, or looking for a reliable servicing and repair partner, **Vet Tech Solutions** are here to help and support you.
